

About us:

We are private enterprise not subsidized by government for infrastructure or development.

We are well regulated by Alberta Innovation and Advanced Education.

We annually report our outcomes.

There are clear mutual benchmarks for graduation and job placement rates.

We adhere to the clear expectations on compliance, tuition collection, record keeping, instructor qualifications, and program delivery.

The need for a unified voice:

AACC continues to speak out on
behalf of all private career
colleges across Alberta.

AACC continues to represent the
industry in dealing with our
regulators and government.

AACC believes the association is
the best way for its members to
make positive changes for the
private college industry.
